DECALITE® RGB

LED LINEAR FIXTURES FOR ELEVATORS

DECALITE RGB

Patents Pending

DECALITE RGB by Man-D-Tec®

CONTEMPORARY FLUSH-MOUNT OR PERIMETER MOUNT LED LINEAR LIGHTING FOR ELEVATORS.

Linear LED lighting designed to be mounted as either flush-mount in walls, ceilings, or as perimeter lighting. Installed as accents in conjunction with another primary lighting system. Color can be changed using the dial on the power supply, or via the optional wireless remote control. The remote control also adds additional modes (continuously change colors, fade to next color, etc).

Available in 0.25 inch increments, up to 8 feet long. Quick-connect installation, Mil-Spec aluminum construction, and a wide beam on cab walls. Install our DecaLite for a modern look in your cab.
