FAN GRILLES

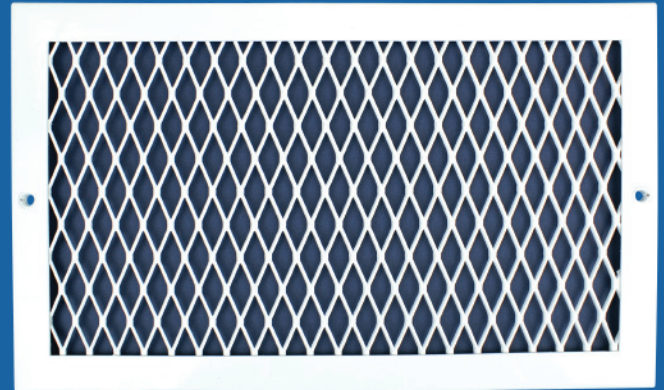

ACCESSORIES FOR ELEVATORS

ACCESSORIES

Model FG-12-W / FG-14-W shown above.

Model FG-AA-W shown above.

FAN GRILLES (rectangular and round) by Man-D-Tec®

FAN GRILLES, FOR USE WITH MAN-D-TEC VENTILATION SYSTEMS.

These grilles are designed to hide the ventilation cutout hole in your elevator cab and provide finger guard protection. They are available in rectangular and round designs, and various sizes (see below). Grilles are constructed from durable steel and come standard with white painted finish.

Round Models:

FG-12-W: For use with MVS™-12 and MVS-OE ventilation units.

FG-14-W: For use with MVS-14 and MVS-HAZLOC ventilation units.

Rectangular Model:

FG-AA-W: For use with MVS-AA ventilation units (2 grilles needed per MVS-AA).

MODEL	HOLE CUTOUT	OVERALL DIAMETER
FG-12-W	9 3/4" D	13 15/16" D
FG-14-W	11 3/4" D	15 15/16" D
