GREENBEAM

HIGH OUTPUT DEMARCATION LIGHT FOR ESCALATORS.

At 4 watts per foot, this 18.50" bright green LED escalator step demarcation light cautions passengers that they are either entering or exiting the moving area. It is an escalator-grade design that directs the light where it's needed- to alert passengers of an approaching danger point. The aluminum extrusion and epoxy-embedded LED design ensure long life and durability. Provided with 24VDC LED driver.
